

Invites you to attend the following Emergency Service Training Program

Emergency Services Trailer Operations & Safety Instructor Level

This instructor level program is designed to provide an overview of preferred educational methodology and class content. Participants will receive a flash drive to utilize for their class presentations. Many departments lack the expertise or training to hook up and move a trailer properly. This program was developed to teach the emergency vehicle operator the proper techniques and procedures for towing a trailer. The target audience for this class includes instructors that will be teaching emergency service vehicle operators that utilize a variety of vehicle that are towed.
